Note: To qualify for the maximum $200.00 QLD Water Rebate Scheme, you will need to be in approved council area in QLD and will also need a minimum of 14 Solar Sun Rings to qualify.
See www.solarsunrings.com.au/index.cfm?menukey=24 for further details.
Use this sheet to calculate the quantity of rings required for your pool. Apply the maximum rings to reduce evaporation and 60 to 70% for heating.
For free form pools measure your pool & draw it over the grid supplied .
